# PAINT PRIMER

Whether you need heavy stain coverage or low odor and low VOC, we've got primer solutions for your toughest jobs. Here are our best selling primer paints:

## VALSPAR PROFESSIONAL PVA PRIMER

- Seals unpainted drywall
- Provides uniform surface
- For use with latex
- Low odor; low VOC
- Spray, brush and roll application

*Ideal for:* drywall, plaster and wood

## VALSPAR ALKALI RESISTANT INTERIOR & EXTERIOR PRIMER

- Resists "alkali burn" in cementitious substrates to 13pH
- 100% acrylic
- High build and excellent coverage
- Low odor
- Fast-drying formula

*Ideal for:* plaster, cement composition board, masonry, concrete and cement, brick, stucco and previously painted surfaces

## VALSPAR PROFESSIONAL NEW CONSTRUCTION PRIMER

- Fast drying
- Minimizes surface texture
- Sets up a uniform-finish coat
- Low odor; low VOC
- Spray, brush and roll application

*Ideal for:* wallboard, drywall, plaster, wood, cement, masonry and previously painted surfaces

## VALSPAR PROFESSIONAL BONDING PRIMER

- Bonds to glossy surfaces without sanding
- Interior and exterior application
- Great stain blocking
- Fast-drying formula
- Low odor; low VOC
- Sandable enamel undercoater

*Ideal for:* glossy surfaces, drywall, cured plaster, masonry, wood, galvanized metal and aluminum

## VALSPAR PROFESSIONAL INTERIOR ZERO VOC LATEX PRIMER

- Low odor; zero VOC\*
- GREENGUARD Gold Certified
- Easy sandability
- Excellent enamel holdout
- Good hiding properties
- Can be topcoated with alkyd products
- Spray, brush and roll application

*Ideal for:* drywall, plaster, wallboard, smooth interior concrete, enamel undercoat for wood trim and doors and previously painted surfaces

## VALPAR EXTERIOR LATEX PRIMER

- Formulated with 100% acrylic resin
- Superior adhesion
- Seals surface
- Extends life of topcoat
- Gives mildew-resistant coating

*Ideal for:* wood siding, cement composition board, plywood, primed metal and previously painted surfaces

## VALSPAR PROFESSIONAL DTM ACRYLIC PRIMER

- Interior/exterior water-based acrylic DTM primer
- Similar performance properties as oil-based primers
- Excellent corrosion resistance and resists flash rusting
- Excellent adhesion and good coverage
- Dries to the touch in less than one hour
- Superior sag resistance

*Ideal for:* ferrous and non-ferrous metals, metal siding, piping, machinery and structural steel

## ZINSSER BULLS EYE 1-2-3 INTERIOR & EXTERIOR PRIMER

- Water based
- Sticks to all surfaces without sanding
- Seals uniformly
- Blocks stains
- Dries in 1 hour
- Mold & mildew resistant film
- Rust inhibitive
- Spray, brush and roll application

*Ideal for:* all surfaces

\*Contains 0 g/L VOC as calculated within the margin of error by EPA Method 24

# PAINT PRIMER

## KILZ ORIGINAL INTERIOR OIL BASED PRIMER

- Seals porous surfaces
- Blocks heavy interior stains like water, smoke & tannin stains
- Provides uniform surface
- Low VOC
- Spray, brush and roll application

*Ideal for:* wood, drywall, plaster, paneling, wallpaper, masonry & brick

## KILZ PREMIUM INTERIOR & EXTERIOR PRIMER

- Water based
- Thicker; whiter primer blocks heavy stains
- Excellent adhesion
- Low odor; low VOC
- Tintable
- Spray, brush and roll application

*Ideal for:* brick, painted metal, glossy surfaces, drywall, paneling, stucco, masonry, plaster and wood

## KILZ 2 PREMIUM INTERIOR & EXTERIOR PRIMER

- Water based
- Multi-purpose stain blocker
- Mildew resistant finish
- Seals new drywall
- Low odor
- Tintable
- Brush and roll application

*Ideal for:* brick, painted metal, glossy surfaces, drywall, panelling, stucco, masonry, plaster and wood

## ACE CONTRACTOR PRO PVA LATEX WALL PRIMER

- Fast drying
- Formulated for apartment buildings, new construction and maintenance
- Spray, brush or roll application

*Ideal for:* drywall, new construction and maintenance

## ACE ROYAL STAIN BLOCKING INTERIOR & EXTERIOR PRIMER

- Stain Halt technology to seal and block bleed-through stains
- 100% acrylic
- Bonds to slick and glossy surfaces
- Mildew resistant

*Ideal for:* all surfaces where stain blocking is desired

## ACE BLOCK FILLER AND SEALER

- Fills, seals and primes
- Smooths porous concrete
- Interior and exterior application
- Can be used under oil or latex finishes
- Spray, brush and roll application

*Ideal for:* masonry, concrete, cement and block

## VALSPAR PROFESSIONAL MASONRY AND STUCCO SEALER AND CONDITIONER

- Seals interior and exterior above-grade masonry, stucco and concrete
- Clear 100% acrylic coating
- Adheres to new and existing concrete after a 7-day cure
- Concrete must have a pH of 6–13
- Binds chalky residue on exterior siding to prevent topcoat peeling

*Ideal for:* (vertical surfaces only) cement, mortar, concrete block and stucco

## VALSPAR PROFESSIONAL BLOCK FILLER

- Helps create a smooth final topcoat
- Interior and exterior application
- Can be used under high-performance interior latex coatings
- Spray, brush and roll application

*Ideal for:* masonry, concrete, cement, block and CMU (limitations apply, see product specs)

# PAINT EXTERIOR
